

October 18-1949-

Dear Ruth - I had hoped to see you when I was in San Francisco during convention - I was much disappointed that I didn't - I really didn't plan to attend any meetings - went to see the Craine family & was there just two days - I went to the House of Deputies on Thursday, but no one seemed to have seen you - I was delighted when I heard you were to be deputy and what a reflection on those stuffy old dodos who didn't permit you to be seated - The enclosed voices my opinion and I

Could add a bit to it - just for emphasis -

I thoroughly enjoyed my brief stay in S.F. -  
Wasn't the weather perfect? And it was truly  
wonderful to see my family - I saw Esther in  
July, but hadn't seen Sam & the children for  
a year and a half - much too long a time -

When do you expect to be in California  
again? Next time do plan to save time  
enough for, at least dinner with me -  
I lead a busy life here - too busy to suit me -  
but there are always emergencies and help  
is such a problem -

Remember me to those I know  
at the Seminary - Most affectionately
